THE TOWN BRILLIANT

tos in Profusion.

Early yesterday morning the work of reparation for the great Tri-State Reun ion, which begins to-day, was under way Residences and business houses were profusely decorated with red, white and blue fusely decorated with red, white and bine, and thousands of big and little flags floated on the breeze. The G. A. R. emblems and portraits of the leading Union commanders were also effectively used in decorating. Scarcely a house on a prominent street was without some decoration, and doubless by this morning the exceptions will be still fewer. The headquarters of the various bodies were notably ornamented, and the Lincoln Club house, Soldiers' monument and one or two privits houses were artisuically covered with the national colors.

Across the street at short intervals, from Tenth street to Centre Wheeling, appropriate mottoes were displayed by the Committee on Decoration, of which Capt. J. A. Faris is chairman. Across Main street at Tenth are the words, "We were sheltered from the storm by the Boys in Blue."

Across Twelfth at Water is the motto: "West Virginia welcomes Ohio." From the McLure House corner to the Ott block a large and handsome canvass spans Market and Twelfth streets. Fourteenth and Eixteenth also have large streamers.

Thousands of smaller mottoes and the words "Welcome, Veterans," greet the eye on every hand.

The work of arranging the city in gay attire to welcome the boys in blue will be completed this morning. Recidents who have overlooked the desirability of showing their colors should hang out their banners on the outer walls. thousands of big and little

"Blood Will Tell?"

Yes, the old adage is right, but if the liver is disordered and the blood becomes thereby corrupted, the bad "blood will tell" in diseases of the skin and throat, in tumors and ulcers, and in tubercles in the lungs (first stages of consumption) even although the subject be descended in a straight line from Plobard Core de Lieux straight line from Richard Ocear de Lion, or the noblest Roman of them all. For setting the liver in order no other medicine in the world equals Dr. Pierce's "Golden Medical Decovery." Try it, and your "blood will tell" the story of its wonderini efficacy.
